Programs & Services Planned for Review

The Clearinghouse has developed a working list of the next programs and services planned for systematic review. The programs and services were identified and prioritized using the Clearinghouse's [Handbook of Standards and Procedures](#). Particular consideration was given to programs and services recommended by State or local government administrators; rated by other clearinghouses (such as CEBC or HomVEE); recommended by federal partners; and/or evaluated as part of grants supported by the Children's Bureau (such as the Title IV-E Child Welfare Demonstrations or Regional Partnership Grants).

This working list, presented in alphabetical order within each program or service area, may be changed in accordance with the Clearinghouse's *Handbook of Standards and Procedures* and as needed to support implementation of the Title IV-E Prevention Program.

Note: **Bold** is used to indicate new programs and services that have been added to the working list.
